GAUSS

OUR HISTORY
NUESTRA HISTORIA

Gauss started in the 1990s with the remanufacture of voltage regulators.

With the growth of the business, the partners decided to invest in the manufacture of these parts and later in new technologies to expand their product line. Today, the Company is specialized in vehicular electronics, supplying a wide portfolio of parts for electronic injection, ignition, electrical and cooling, for light and heavy vehicles, motorcycles, agricultural and construction machinery.

During this trajectory, the Company expanded its operations geographically. In addition to its factory in Brazil, it opened a new plant in Asia, a Distribution Center in Germany and 3 other Distribution Centers in Brazil. Thus, it managed to strengthen its leadership in the Brazilian market, in addition to serving the 5 continents of the globe, selling more than 5,300 part numbers in 60 countries.

Year after year, the small remanufacture of Brazilian voltage regulators has become a global company in the replacement of vehicle electronic components, adding technology, setting quality standards and valuing the people who are part of this history.

Evolving has been our goal, focus and reason. Evolution is Gauss!

Gauss comenzó en la década de 1990 con la remanufactura de reguladores de voltaje.

Con el crecimiento del negocio, los socios decidieron invertir en la fabricación de estas piezas y posteriormente en nuevas tecnologías para ampliar su línea de productos. En la actualidad, la Compañía está especializada en electrónica vehicular, suministrando un amplio portafolio de repuestos para inyección electrónica, encendido, eléctrico y enfriamiento, para los mercados de vehículos livianos y pesados, motocicletas, maquinaria agrícola y de construcción.

A lo largo de esta trayectoria, la Compañía expandió geográficamente sus operaciones. Además de su fábrica en Brasil, abrió una nueva planta en Asia, un Centro de Distribución en Alemania y otros 3 Centros de Distribución en Brasil. Así, logró fortalecer su liderazgo en el mercado brasileño, además de atender a los 5 continentes del mundo, vendiendo sus más de 5.300 referencias en 60 países.

Año tras año, la pequeña remanufactura de reguladores de voltaje brasileños se ha convertido en una empresa global en el reemplazo de componentes electrónicos de vehículos, agregando tecnología, estableciendo estándares de calidad y valorando a las personas que forman parte de esta historia.

Evolucionar ha sido nuestro objetivo, enfoque y lema.
¡La evolución es Gauss!

OUR **HISTORY** | NUESTRA **HISTORIA**

Gauss started in the 1990s as a remanufacturer of voltage regulators. With the growth of the business, the partners decided to invest in the manufacture of these parts and later, on new technologies to expand their product line. Today, the Company specializes in vehicle electronics, providing a broad portfolio of parts for electronic injection, ignition, electrical and cooling, for the light, heavy vehicle, motorcycle, agricultural and construction machinery markets.

Throughout this trajectory, the Company expanded its operations geographically. In addition to its factory in Brazil, it opened a new plant in China, a Distribution Center in Germany and 3 other Distribution Centers in Brazil. Thus, it managed to strengthen its leadership in the Brazilian market, in addition to serving the 5 continents of the globe, selling its more than 5,700 part numbers in 60 countries.

Year after year, the small remanufacturing of Brazilian voltage regulators has become a global company in the after-market of vehicle electronic components, adding technology, establishing quality standards and valuing the people who are part of this history.

Evolving has been our goal, focus and motto. Evolution is Gauss!

Gauss comenzó en la década de 1990 como refabricante de reguladores de voltaje. Con el crecimiento del negocio, los socios decidieron invertir en la fabricación de estas piezas y posteriormente en nuevas tecnologías para ampliar su línea de productos. En la actualidad, la empresa se especializa en electrónica de vehículos, proporcionando una amplia cartera de piezas para inyección electrónica, encendido, electricidad y refrigeración, para los mercados de vehículos ligeros, pesados, motos, maquinaria agrícola y de construcción.

A lo largo de esta trayectoria, la empresa expandió geográficamente sus operaciones. Además de su fábrica en Brasil, abrió una nueva planta en China, un Centro de Distribución en Alemania y otros 3 Centros de Distribución en Brasil. Así, logró fortalecer su liderazgo en el mercado brasileño, además de atender a los 5 continentes del mundo, vendiendo sus más de 5,700 referencias en 60 países.

Año tras año, la pequeña remanufactura de reguladores de voltaje brasileños se ha convertido en una empresa global en el reemplazo de componentes electrónicos de vehículos, agregando tecnología, estableciendo estándares de calidad y valorando a las personas que forman parte de esta historia.

Evolucionar ha sido nuestro objetivo, enfoque y lema. ¡La evolución es Gauss!

LAMPS FOR
LIGHT AND HEAVY VEHICLES

Since 2009 Gauss has supplied the lighting line to the market. Today there are more than 180 items distributed among miniature bulbs, headlights bulbs, standard halogens, super white halogens and xenon.

The evolution of Gauss is also present in its bulbs. To evolve is to enlighten!

LÁMPARAS PARA
VEHÍCULOS LIGEROS Y PESADOS

Desde 2009, Gauss ha suministrado su línea de lámparas al mercado. Hoy en día son más de 180 artículos distribuidos entre lámparas en miniatura (COLORELESS / TRANSPARENTEas y ámbar), lámparas para faros, halógenos comunes, halógenos superblancos y xenón.

La evolución de Gauss también está presente en sus lámparas. ¡Evolucionar es iluminar!

LAMP FOR **MOTORCYCLE**

Since 2009 Gauss has been supplying the lighting line to the market, with the inclusion of the motorcycle segment, Gauss extends its performance. Today there are more than 50 items distributed among miniature bulbs, headlights bulbs, standard halogens, super white halogens and xenon.

The evolution of Gauss is also present on bulbs. To evolve is to enlighten!

LÁMPARAS PARA **MOTOCICLETAS**

Desde 2009, Gauss ha suministrado su línea de lámparas al mercado. En 2017, con la inclusión del segmento de motocicletas, Gauss amplía sus prestaciones. Hoy en día son más de 50 artículos distribuidos entre lámparas en miniatura (transparentes y ámbar), lámparas para faros, halógenos comunes, halógenos superblancos y xenón.

La evolución de Gauss también está presente en sus lámparas. ¡Evolucionar es iluminar!

EVOLUTION IS TO HAVE A FULL MIX PRODUCTS.

LA EVOLUCIÓN ES TENER UNA MEZCLA COMPLETA DE PRODUCTOS.

For 24 years, Gauss has been revolutionizing the market for vehicle maintenance components, including applications for light, heavy, motorcycles and agricultural and construction machinery.

During all this time, one of its great differentials has always been to anticipate the needs of mechanics and electricians, investing in a complete portfolio, with a diversity of parts to serve the world fleet.

Nowadays, we are the Brazilian aftermarket leader in the lines of regulators and rectifiers, and we serve the five continents, with a product mix with more than 5,300 items in 60 countries.

Gauss is providing even more variety for mechanics to have parts on time to streamline the services of the workshops, ensuring more safety and quality for customers.

Durante 24 años, Gauss ha revolucionado el mercado de componentes de mantenimiento de vehículos, incluidas aplicaciones para motocicletas ligeras, pesadas, y maquinaria agrícola y de construcción.

Durante todo este tiempo, uno de sus grandes diferenciales siempre ha sido anticiparse a las necesidades de mecánicos y electricistas, invirtiendo en un portafolio completo, con diversidad de familias de repuestos para flotas nacionales e importadas.

En la actualidad, somos el líder del mercado de repuestos brasileño en las líneas de reguladores y rectificadores, y atendemos a los cinco continentes del mundo, con una mezcla de productos con más de 5.300 artículos en 60 países.

Es Gauss, aportando aún más variedad para que los mecánicos tengan piezas a mano para agilizar los servicios de los talleres, garantizando más seguridad y calidad para sus clientes.
